

The Warriors' Watch Honor Coin is a full 2 inches, 3mm thick custom made coin. Processed in antique gold finish with black and blue enamel on one side, this coin is an instant collectable - a true work of art.

THE SYMBOLISM:

Side 1: The American Eagle wingspread is the symbol of the WWR. Now, the Warriors' Watch American Eagle has been "brought to life" for our coin. The proud bird soars over the symbols of those who Warriors' Watch Riders serve:

1. Our warriors both present and past, as symbolized by the **POW/MIA silhouette**,
2. The families of our warriors symbolized by the **blue star**,
3. And the families of our warriors who gave the ultimate sacrifice, symbolized by the **gold star**.

All of them are "under the wings" of the majestic Warriors' Watch Eagle, and the eye of the Eagle is watchful and vigilant and protective of those it shields under its wings. The golden words "Warriors' Watch Riders" arches over the top of the coin, and our Founding Principle, "We Have Your Backs Here At Home" cradles all.

Side 2: In the center of the coin a Lone Rider sits astride his bike in an aspect of weary reverence; head bowed, seemingly gratified that he has completed yet another act of honor for a warrior and the warrior's family, but aware that many, many more wait yet to come and be so honored.

Surrounding the weary Lone Rider are the symbols of the National Heroes he has sworn to serve: Air Force, Army, Navy, Marine Corps, Coast Guard, Police and Firefighters. They encircle the Rider and are his whole world.

Finally, forming an unbroken ring around the whole is **OUR PROMISE TO THOSE WHO ARE SYMBOLIZED INSIDE:**

"NEVER AGAIN WILL AN AMERICAN WARRIOR BE SCORNED OR IGNORED."
